**RE: Temple St. Bridge Rehabilitation (FAY-CR503-0.30, PID 106392)  
City of Washington Court House, Fayette County, Ohio**

Dear Property Owner and/or Current Tenant:

The City of Washington Court House is proposing improvements to the Temple Street (CR503) bridge over Paint Creek. The project involves the removal and replacement of the bridge deck, beams, pier caps, and the sidewalk and railing on the bridge.

Through traffic will be detoured around the project between W. Market St. and Veterans Way, with local access maintained to all properties within this section. The detour will last approximately 180 days and the project is currently scheduled for construction in Spring, 2020.

To ensure the proposed project is viable and successful, the City is seeking comments from the public about the social, environmental, and economic impacts of this proposed project. Environmental studies are underway and may involve archeological, architectural and ecological resources, hazardous materials, and the general location of the project.

If you have any comments, concerns, or questions, please feel free to contact me by email: [RSockman@CityofWCH.com](mailto:RSockman@CityofWCH.com) or by phone at (740)-636-2380 by June 29, 2019.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ron Sockman", is written over a light blue horizontal line.

Ron Sockman  
City Service Director
